PL 642 REC 252

1. They shall be limited, if used, to one side of any one platted lot.

C-21 UNDERGROUND UTILITIES: All utility lines and lead-in wires, including but not limited to, electrical lines and telephone lines, located within the confines of any lot or lots within said premises herein described shall be located underground; provided nothing herein contained shall prevent an aboveground temporary power line to a residence during the period of construction.

C-22 STREET LIGHTING: There will be a system of street lights established throughout the premises aforesaid. All costs for maintenance and upkeep and for the electricity to operate same shall be borne by the respective lot owners on a pro-rata basis, as hereinafter set forth. All said costs shall be pro-rated equally among all the lots within the premises herein described and charged to each lot on a calendar year basis, said charges to be made not later than March 1 of each year for all said costs during the preceding calendar year, which annual charge shall not exceed \$3.00 per year, per lot.

All such charges shall be and constitute a lien upon the lot in question, from the date they are charged to said lot, and should it become necessary to enforce said lien by foreclosure or otherwise, Developer, its successors or assigns, shall be entitled to interest on said charge from the date hereof at the rate of 10% per annum plus all costs incurred in collecting said charge, including a reasonable attorney's fee, provided always that the aforesaid lien shall be inferior and subordinate to the lien of any mortgage which would constitute a first and prior lien were this lien not in existence on any lot or lots, and this shall be true whether said first mortgage lien attaches before or after the lien for said charges.
